

CHEVROLET/GMC SILVERADO/SIERRA CREW CAB – PART NO. 09031 INSTALLATION INSTRUCTIONS

Congratulations on your purchase of the Husky Gear Box. The Gear Box was designed to fit under the rear seat of your truck. The Gear Box gives you a place to store loose items and clutter and ultimately help keep your vehicle organized. It's designed to fit your vehicle with or without your Husky Liners in place and only takes a few minutes to install.

PACKAGE CONTENTS

Gear Box – Part No: 09031 (1)
Safety Straps with Strap Locks (1)
Dividers (2)
Installation Instructions (1)

INSTRUCTIONS

- 1) Open and remove the Gear Box from the shipping box and protective plastic bag.
- 2) Install the safety strap into slot located on the back wall of the Gear Box (Figure 1 and 2). The strap lock should be upright with the hinge facing away from the Gear Box.

- 5) Install the 2 dividers and you are ready to organize. If you are storing long items it may be necessary to remove the dividers. Also, small loose items can potentially roll around and become somewhat annoying. Simply place these items in a rag, towel, etc... roll them up and place in the Gear Box.

If you have questions about your installation or any other Husky product, please call us at: 1-800-344-8759 M-F 8:00 am to 5:00 pm Central Time.
