

2000-2003 Ford F-150 Supercab Underseat Storage

Fits DU-HA Part Number
20007

Installation Instructions:

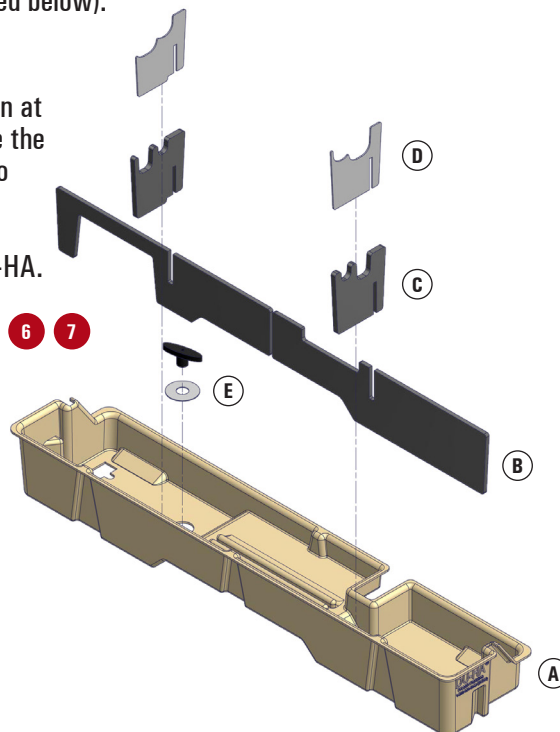

- 1 Flip up the bottoms of the back seats.
- 2 Remove jack from under the back seat (01½-03 trucks). Jack should be installed with an angle bracket, wing nut, and seat belt or with two wing nuts. (In 00-01½ trucks, the jack is installed under the front seat. If you have a 00-01½ truck, proceed to step 3.)
- 3 Slide passenger side end of the DU-HA against the seat bracket. Snap the other side of the DU-HA around the driver side seat bracket. (You may have to bend the side inward to snap into position.) (If you have a 00-01½ truck, proceed to step 6.)
- 4 Re-install jack in the same manner as removed (if applicable). If the truck came with a seat belt type fastener, insert strap through slot in bottom of DU-HA and place the buckle over the top of back of the DU-HA (Note: Install dividers before buckling seat belt). You may also remove jack and handles from plastic jack box and place in DU-HA (as shown).
- 5 Secure the DU-HA to the truck floor using the jack wing nut and large washer provided.
- 6 Install the dividers by sliding them into the slots in the ends and bottom of the DU-HA.
- 7 Install the foam organizer/gun racks with the plastic stiffeners by sliding them into the pre-cut slots in the dividers (as pictured below).

Safety Instructions:

Warning: Seat bottom must be latched down at all times while vehicle is moving. Make sure the DU-HA is secured in the vehicle according to installation instructions. Do not store explosives or hazardous materials in the DU-HA. Do not place loaded guns in the DU-HA.

For further instructions refer to truck owners manual or contact DU-HA, Inc.

Part	Description	Qty
