Instructions for Model 2046 Console Safe

1. If you have a combination lock, it is easier to set the combination before installing the safe.
2. Open console and empty contents .
3. Remove the two bolts in the bottom rear of the console.
4. Place Front piece in console first.
5. Place back/bottom section in, locking tabs in slots of front piece
6. Replace the bolts you removed with the included longer ones.
7. Place lid assembly on top and attach with the 4 SS acorn nuts.
8. Tighten all bolts and nuts and you are done.

Enjoy your purchase.
